SEWING MACHINES.
LANGLEY & NORMAN would inform the citizens of Newport and vicinity, that they have been appointed agents for GROVER & BAKER'S CELEBRATED SEWING MACHINES, and that they are now prepared to furnish Manufacturing or the Improved Family Machines, at Manufacturers prices.
We would invite especial attention to the IMPROVED SHUTTLE MACHINE, it being very simple, not liable to get out of order, uses a straight needle, runs with great speed, and makes the stitch alike on both sides. Though made expressly for TAILORS AND SHOE BINDERS, it is found to be as well, if not better, adapted to the general work of a family as any machine that has yet been invented. These machines are sold for $80, though capable of doing any work that can be done with any of the $100 Sewing Machines.

A NEW MUSIC BOOK,
OR THE
New York Musical Review,
FOR NOTHING!
We have in press, and shall publish in October, "ASAPH, OR THE CHOIR BOOK;" a new collection of Church Music for Singing Schools and Choirs, by Dr. Lowell Mason. Dr. Mason's last similar work, published in 1854, reached the enormous sale, in its first year, of over 54,000 copies, which is, we are confident, the largest sale ever enjoyed, in its first season, by any Church Music Book by a single author. The work now in press will embrace *nearly all new matter*, culled with great care from numerous sources, such, as it is believed, will be of the highest interest to Choirs and Singing Schools. Its Singing School Department is more extensive and complete than in any previous work, being, indeed, a complete work in itself, and forming an extensive collection of secular music, the words, as well as music, to which, are nearly all quite new. Retail price, one dollar.
We publish, also, THE NEW YORK MUSICAL REVIEW, a fortnightly journal of sixteen quarto pages, including four pages of choice music in each number, with twelve pages of reading matter, including frequent articles from the leading musicians of the country, with all the musical news, &c., &c. Subscription, $1,00 per annum.
In view of the present hard times, and with the purpose of obtaining a wide circulation for specimen copies of Dr. Mason's new work, we are induced to make the following liberal offer, viz.: To every one sending us, before 1st November, one dollar, (the price of subscription to the Review,) we will furnish the paper for a year, and also, as soon as issued, a copy of Dr. Mason's new work above announced, thus giving two dollars' worth for one. Those desiring the book sent by mail, must inclose twenty-four cents, to pay postage, in advance.

VOSE'S CONFECTIONARY.
(Established 1827.)
IT SEEMS UNNECESSARY, after being in the battle-field for 34 years, to come out with a long advertisement, but as we have many new comers, it is right that they should be pointed to the right place to buy good articles, and at a moderate price.
I have a long experience, and every facility, and all improvements in machinery, that enables me to sell at a small profit, and will sell—quality considered—as low as any establishment in this city. I will sell Custard Cream at 30 cents per quart, according to quality, up to 62 cents for pure. Plain to very rich Cake, from 17 to 33 cents per pound. Candies from 16 to 25 cents per pound. All kinds of Gum Drops, when sold by the pound, 25 cents.
My Saloon is fitted up in good style, and will accommodate about one hundred persons, where you will find a variety of Ice Creams, Cakes, Pastry, Tea and Coffee, to refresh the "weary and heavy-laden," at all times *except Sunday*, that day we keep to refresh ourselves. jy3

A CHALLENGE AND A REWARD
$500 REWARD.
I BEG LEAVE to inform my friends and the community, that from recent arrangements made by me, I NOW offer the above reward in good faith, which shall be paid in cash to any chemist or physician, of good and responsible standing in this State, who, on due analysis and satisfactory evidence, can find anything in the BRANDIES, WINES, GINS, &c., &c., NOW for sale by me as pure, other than is found in all PURE, GENUINE and UNADULTERATED ARTICLES.
Knowing, from experience, that our citizens in general labor under the impression, with good cause, that pure Liquors cannot be had, I, after much pains, studious investigation, and from the reliable source with whom I NOW contract for my supplies in these articles, do stake my reputation as a man; my integrity as a merchant, that if the liquors NOW sold by me as pure "are not so," then none can be had from the vineyards in France, or from any part of the world. As a proof of my sincerity, I challenge chemical contradiction, and invite all to come and test for themselves, when they will learn that NOW, "if never before," pure liquors can be purchased in Newport, by bottle or measure, for medicinal or family purposes, as cheap as in any other place in these United States.
WM. ALDERSON,
Newport, R. I.
N. B.—The main inducement for all to give me a call is, that my figure for the genuine article is rather less, than more, than is NOW charged for the handsome labeled bottled compounds so extensively sold all over the country a13

Affecting Case of Insanity—A Soldier Crazed by the Loss of his Wife, two Children and Sister.—The following touching relation is an extract from a private letter of Lieutenant Colonel Hawley, dated Tybee Island, December 28th, and published in the Hartford Press:

Poor Dolph! Do you know the Dolphs that live near you? Well, their son who belongs to Co. D, got news that his wife, two children and sister, had all died of diptheria. How he cried. Poor fellow. We comforted him all we could. I spoke pleasantly to him when we met, and hoped that he was getting along well. I believe he heard the other day that his mother was sick too. Somebody came to the supper table last night and called for the doctor to see a crazy man, and soon after a man said that Dolph wanted to see me. I went to his tent. There were a half a dozen of his comrades there. One dim candle stuck in a bottle, showed me the rifles stacked around the center pole—the cartridge boxes, bayonets and knapsacks. The ground was covered with the splendid long moss they had pulled from the live oaks. Dolph sat squat upon the ground, his face and hands very dirty, his fingers constantly picking at something; his body moving: his head turning wildly from one side to the other; his eyes dreadfully swelled with weeping.

"Hello, Dolph, how are you?" And he peered up towards my face.

"Col. Hawley," said somebody.

"Yes," said he, "that is Col. Hawley," and he took my hand with a tight grip.—"Col. Hawley, look at my baby, my poor sick baby."

He had a little pile of moss, and on it lay his *cartridge box*, carefully covered; all but one edge of it, with his blanket. And that was his baby. The cartridge box were a delicate little baby. He spoke brokenly and at intervals, but with a quick and mournful voice—"Poor baby—both babies sick—sister sick—(and he pointed to where he supposed they lay)—poor baby—very sick. Give baby some water." And he leaned on one elbow and affectionately held a leaf up to the cartridge box, as if the baby would drink. He seemed to consider himself in his own home, and the family sick but living; but then he would say, "Won't let me go home—no—no—no—(waiting for a few seconds)—no—no—won't let me go home;" his hands fidgeting over something. Then he considered them all dead and he by their graves. "Sister," and he laid his hand down on one side; "baby," hands down again to mark each grave; "baby—wife—*mother*. Oh, yes, mother is dead—won't let me go home."

I kept his hand ten minutes and sat down by him, and put my hand upon his shoulder, and tried to compel him to listen. I told him his babies were happy and his mother was not dead, (is she?) and if he would be a good boy and sleep and get well he should go home.

"Mother's here and says she didn't get that money. You didn't send it to her."

"O, yes, I did, Dolph; here's the receipt of the express company. She's got it now. You told me to send it to my *wife, right there at Col. F——'s you know.* She has got it before this time."

"Well—poor baby,"—and he put "trees" over their graves, &c. I had to work some time to get him to take some medicine—an opiate—but it had little effect. "I've built six forts," said he, "and mounted six cannon. I'm going to take down that fort to-morrow—that one over there—Pulaski I mean."

Four men were going to watch with him—(the tears came into all our eyes, sometimes, I think;) and I told them to move out the rifles and bayonets. He caught at it and shouted. "Let my rifle alone! Give me my rifle." And I let him take it seeing it was not loaded, and he went furiously to work cleaning it. Finally he passed it to me to "inspect," and I slipped it away.

I think it is the most affecting case of insanity I ever saw. I could not make him believe that we should send him home but we shall. The men take as good care of him as they can. He has slept but an hour out of the last twenty-four, and is ceaselessly active as a canary bird, hopping about in his cage. He sent for me again to-day, but he could not confine his attention to anything.

"Poor baby" is his principle remark, and he still tends his *cartridge box.* "A soldier's life is always gay," the song says. "A sad story; isn't it? We hope his insanity is caused partly by fever, and if we can get him along with that perhaps he will come out all right. If not, I'll see that he goes straight to the insane retreat at Hartford, and with him money to keep him awhile.

SOUTHERN SURPRISE.

The manifesto of Howell Cobb and his associates to the people of Georgia is one of the most significant emanations we have yet seen from the rebel States. In some respects it breathes the same tone as the extracts we recently published from the newspapers of Memphis and Richmond, and the official proclamations of some of the rebel generals. The amazement with which these conspirators behold the great uprising of the people, and the work we have shown ourselves equal to, surpasses anything that could have been looked for thus early. It appears that these heroes are not as sanguine as they were a year ago of being able to hold the sessions of their rebel Congress in Washington, put their army in winter quarters at Philadelphia, pay them off in Wall street, New York, and call the roll of their slaves at Bunker Hill.

The innocent air with which Howell Cobb tells the people of Georgia of his disappointment is somewhat entertaining. We have, forsooth, exhibited energy, enterprise and resources that he had not expected. Of course not,—The whole talk with which he and his associates deluded the southern people was that the south was the source of power and wealth—that her chivalry and military qualities constituted the fighting staple of the old confederacy, and her wealth was the real capital upon which the north flourished. But each section, standing apart is now upon trial, and, lo! the despised, menial, poltroonish, helpless north, has become to Cobb & Co. a prodigious monster.—Then left the Union in order to build flattered themselves would soon obscure the forgotten north, and severe is their disappointment on finding as the net result of their labors that they have conjured up a spirit before which they quail.

The armies of the republic are no longer undisciplined and half armed. They have become inured to the hardships and perils of military life—have been well drilled, well clad and cared for, and are as truly great and formidable as any army in the world. Out of the mass of tradesmen, mechanics and adventurers we have managed to get officers, and able ones, too. No wonder the traitors, who fancied their task was so easy, now struggle on with a sort of bewildered sensation, and begin to talk of the oppressive power of the people they so lately reviled and contemned.

This, however, is but the beginning. Let them persist in their rebellion, and they will be wiser from the experience of a few more such wholesome truths.—The power of the republic is still crude and half developed. We have a great work upon our hands, and we are proceeding to do it in the spirit of men who appreciate the crisis, with all its momentous results in the future. No man as yet can tell the destiny of the south, with its millions of slaves; but out of this mighty contest the nation is creating a solid structure of fame and glory, and establishing a prestige which shall go down to posterity as a priceless legacy. The liberties won for us by our fathers were inestimable while they endured undisturbed. The posterity in which we revelled had made us both envied and feared. But the pitch of greatness to which we have attained has induced a European jealousy which could not be disguised. We have needed, therefore, a great war to try our power, and when we emerge from this, however the result may be, the strength of our government will no longer be a thing of doubt, and the qualities of our people will be known and recognized. We need no boasting. If we persevere in the patient, toiling spirit in which we have commenced, we must be benefited by the war.

The Batteries of the Lower Potomac to be Attacked.—Our correspondent with the Mass. first asserts that every preparation has been made in Gen. Hooker's Division, for an attack upon the rebel batteries of the Lower Potomac as soon as the state of the roads will permit. One hundred rounds of cartridges have been served out to the men. A Washington letter says that startling intelligence is daily expected from that quarter.—*Traveller.*

Sec'y Chase on the Treasury Note Bill.

Secretary Chase has addressed a communication to the Committee of Ways and Means, in reference to the Treasury Note Bill now before Congress, urging its immediate passage.—The Secretary states that it is not unknown to them that he has felt, nor does he wish to conceal the fact that he now has a great aversion to making anything but coin a legal tender in the payment of debts, and that it has been his anxious wish to avoid such legislation. It is, however, at present impossible, in consequence of the large expenditures entailed by the war and the suspension of the banks, to procure sufficient coin for disbursements, and it has, therefore, become indispensably necessary, says the Secretary, that we should resort to the issue of United States notes. The making them a legal tender, however, might still be avoided, if the willingness manifested by the people generally, by railroad companies, and by many of the banking institutions, to receive and pay them as money in all transactions, were absolutely or practically universal; but unfortunately there are some persons and some institutions which refuse to receive and pay them, and whose action tends not merely to the unnecessary depreciation of these notes, but to establish discrimination in business against those who, in this matter, give their cordial support to the Government, and in favor of those who do not make such discrimination. This, if possible, should be prevented, and a provision making notes a legal tender, in a great measure, at least, prevents it by putting all citizens in this respect on the same level.

The Secretary concludes by the assurance that vigorous military operations and unsparing retrenchments of all necessary expenses, will contribute essentially to an early return to a specie paying basis.—*N. Y. Sun.*

Our Minister at Peru

Hon. Christopher Robinson, United States Minister, presented his credentials to President Castilla on the 11th inst., and addressed him as follows:

MR. PRESIDENT—In having the honor to present myself in the character of Envoy Extraordinary and Minister Plenipotentiary of the United States, I fulfil a grateful task in assuring your Excellency of the friendly sentiments my government entertains for the republic of Peru. In renewing diplomatic relations with Peru, the Government of the United States has expressed a desire to arrange in an amicable manner, all the difference that exists between the two republics. I assure your Excellency on the part of my government, in sincere and ardent; that it desires the prosperity and advancement of the republic of Peru, as well in its national necessities and the vital interests of civilization as in its rights, which every independent nation should be careful to maintain. In these, the United States will always manifest the most cordial sympathies for the republic of Peru and for all the sister States of the American continent. I now have the honor to place in the hands of your Excellency, the credentials with which the President of the United States has honored me, and to express to your Excellency the ardent desire he entertains for the prosperity of the republic of Peru.

President Castilla replied;

SIR—It is highly satisfactory to me, in receiving you in your character of Envoy Extraordinary and Minister Plenipotentiary of the United States, to be assured that, among the other objects of your mission, you are charged by the government at Washington to transmit to me the sentiments of friendship which that government professes toward the republic of Peru.—In accepting with unfeigned pleasure, the friendly indications that, with the renewal by your government of diplomatic relations, it desires to arrange in an amicable manner all the differences that exist between the two republics, it is highly satisfactory to me to be able to declare, with frankness and sincerity, that the Peruvian government has proved to your own, on all occasions that have presented themselves, that its course has been just and loyal toward all, and particularly inward the American Union. I am firmly convinced that the manifestations of friendship made by the United States, through its Minister, towards Peru and its sister republics of the American continent is sincere; and, on my part, I can assure you that the Governor of Peru is animated by like sentiments for the prosperity of North America, as well as that of the other republics, which, as independent States, are in friendly intercourse with us. And, in my character of chief of free and independent Peru, you may, sir, count on the bases already enunciated, upon my desire for the happy, just, and prompt fulfilment of the objects of your mission.

The *Comercio*, in remarking upon this event says:

"The United States, during her prosperity, clothed us as with a mantle, a fact which is now more evident by the annexation to Spain of Santo Domingo, the invasion of Mexico and the threats against our own hemisphere. Now that the Union finds itself desolated by civil war, and threatened from abroad by a war which would be the greatest blow that could be struck against public liberty, the people of South America, more than ever, should manifest their sympathy for the people of the North."

PRINCE ALBERT has willed the whole of his property—a very considerable sum—to the Queen, for the ultimate benefit of their younger children. His care of the revenue of the Duchy of Cornwall, will result in the Prince of Wales having nearly half a million on hand when he comes of age next November, together with the annual income in the best possible order. It is also stated that the late Prince bequeathes Balmoral, which was his own property, to her Majesty.

An exchange says, "Truth, is crowded out of this issue." This, the Springfield *Republican* thinks, is almost as bad as the up-country editor, who said—"For the evil effect of intoxicating drink see our inside".

LOCAL NEWS ITEMS.

The Naval School.

MR. EDITOR:—In common with most of our citizens I feel an interest in the location of the Naval School. Since the published statement that it was to be removed, much uneasiness has been felt as efforts to have the School removed to Annapolis *were made*; notwithstanding one Congressman writes "Dear Tom, I assure you that nothing has been done, or will be, tending to remove the Naval School from *our* dear Newport." Another writes and endeavors to convince us that since he made a speech in Congress (which by singular coincidence all the reporters neglected to mention) in favor of retaining the School in Newport, we need have no fears of its being removed. These letters were written probably without any thought of the matter, but to tell us they were at work.

The following from a Boston paper of last evening is more satisfactory and reliable:

THE NAVAL ACADEMY.—Mr. Forney telegraphs to the Philadelphia Press that he is enabled, on authority, to deny the statement that it is intended to remove the Naval Academy from Newport, Rhode Island, to its old position at Annapolis. The effort to effect the removal failed—the interests of the Government requiring that it should remain where it is now located.

Our correspondent evidently looks at this matter in a practical light.—[ED. NEWS.

EXPLANATORY LETTER FROM MR. WELDEN, of Westerly, respecting his remarks in the General Assembly regarding the Naval School:

HOUSE OF REPRESENTATIVES
STATE HOUSE, Providence,
February 6, 1862.

TO THE EDITOR OF THE NEWS:

Sir—You have misunderstood my remarks on the Naval School question.—I opposed the permanent removal of the School from Annapolis to Newport, because I thought it would be against the interest of Newport, as its location is a matter of but little importance itself, and would be in the way of getting the new Navy Yard, which the Government *must have*, and which Newport is entitled to by common consent. I was opposed to asking the government to make any avoidable outlay of money at this time. I understood Capt. Blake to say he did not consider the ship Constitution in any danger of falling into the hands of the secessionists, as he was prepared to defend her.

In the progress of the debate one or two members spoke of the atmosphere of Maryland as "contaminating," &c. It was in reply to this that I spoke of certain individuals who sometimes meet at the fashionable hotels of Newport, from the different States of this Union. I did *not* say, or intend to say, one disrespectful word of the citizens of Newport, or to oppose any measure which *I* thought would be for their interest. I trust you will do me the justice to publish this, or my remarks on this subject, reported in the Providence papers, *verbatim*. Respectfully yours,

[illegible] report of Mr. Welden's speech published in this paper, was taken from the Providence *Press*, and we think differed very little if any from the reports in other Providence papers, respecting his remarks. [ED. NEWS.

THE FUNERAL OF MR. WILLIAM CLEGG, son of John H. Clegg, Esq., of this city, who died in Otterville, Mo., while serving his country in the Indiana 24th Regiment, will take place from the Second Baptist Church (Rev. The services at the Church and funeral will be attended by the Mayor and City Council together with the Co. A (National Guard.)

DELAWARE A FREE STATE. A bill is to be introduced into the Legislature of Delaware to abolish slavery in that State. By this bill it is provided that all slaves over thirty-five years of age shall be freed within ninety days after it becomes law; all under thirty-five shall become free on reaching that age; all males born after the bill becomes law are to be slaves till they are twenty-one, and females till they are eighteen; and all slavery is to cease after January 1, 1872. These provisions are made conditional upon this, that "Congress will at its present session, engage to pay the State of Delaware, in bonds of the United States, bearing interest at the rate of six per centum per annum, the sum of $900,000, in ten annual instalments, $90,000 to be payable on some day before the 1st day of September, 1862 to establish a fund for securing full and fair compensation to the owners of slaves who shall have been divested of their property by force of the act in question."

Delaware has, according to the census of 1860, eighteen hundred and five slaves, and the sum asked of Congress for their gradual emancipation amounts to five hundred dollars a head. The Wilmington Republican says that many of the largest slaveholders are in favor of this bill, and that "many of the slaveholders would gladly exchange their slaves for their lands and contemplated improvement."

STEEPLE ARCHITECTURE.—There is an extraordinary love for steeple architecture, among church going people in Connecticut. Along the line of the New Haven Railroad, ambitious spires run heavenward to a most extraordinary extent. Some of them are out of all proportion to the building itself, or the resources of the parishes that build them. Bridgeport has a remarkable passion in this line. In the great struggle there, who should have the highest spire, Rev. Dr. Hewitt's parish was the most successful. Like the man who drew the elephant, now they have the tallest steeple, and have almost impoverished themselves by it, they don't know what to do with the "animal."—It threatens to come tumbling down every time the wind blows, but to keep it fast in position, it has been anchored to the earth by two huge *iron chains*.

GENERAL ASSEMBLY.

JANUARY SESSION—AT PROVIDENCE.

THURSDAY, Feb. 6.

Senate.

The Senate met at 11 o'clock, His Excellency the Governor in the chair.

Mr. Butler, from the Committee on the Militia, reported back the resolution in relation to the pay of certain general officers and their assistants, recommending the passage of the same in concurrence with the House.

Mr. Cooke moved to amend by inserting $1000 instead of $800 as the pay of the Paymaster General. Messrs. Butler, Brown, Pearce and Sweet spoke upon the amendment, which was not agreed to.

Mr. Sheldon, of Richmond, was opposed to that part of the resolution relating to the pay of the Quartermaster General. The amount was larger than the salary of any other State officer. He moved an amendment striking out the name of the Quartermaster General. Lost. The resolution was then passed in concurrence.

Mr. Sheldon, from the Committee on Education, reported back the petition of the First Baptist Church in Hopkinton, for act of incorporation, which was read and the accompanying act passed.

The Governor presented the report of the special commission appointed in January last to give their views as to any alterations or amendments that might be required in the militia laws of the State.

House of Representatives.

The House met pursuant to adjournment, the Speaker in the chair.

Mr. Van Slyck introduced an act in amendment of Chapter 130—"Of Railroad Corporations"—which was read, passed to a second reading, and referred to the Committee on Corporations.

The following is the act:

It is enacted by the General Assembly as follows:

SECTION 1. That each of the Railroad Companies of this State shall keep in the office of its Treasurer a book in which shall be recorded a copy or memorandum of every special contract made by such Corporation, or by any person authorized by them, for the transportation of freight or passengers, provided that such contract differs in its terms from the published and common rates of transportation over such road; which book shall be open to the inspection of any of the stockholders of such Corporation at all reasonable times.

Mr. Thomas introduced an act in amendment of an act to incorporate the Newport and Fall River Railroad Company. Read, passed to a second reading, and referred to the Committee on the Judiciary.

Mr. Holmes, for the Committee on Finance, reported favorably the petition of John McElroy for discharge of execution in favor of the State, and the petition was granted and the accompanying resolution passed.

Mr. R. W. Greene, for the Committee on Corporations, reported back the petition of the Warren Manufacturing Company for amendment of charter, with accompanying act, and the same was laid over to be printed.

The same gentleman reported back the petition of the Warren Artillery, for amendment of charter, with accompanying act, and the same was laid over to be printed.

Mr. Miner presented the petition of Edward G. Locke and wife for leave to adopt child. Referred to the Committee on the Judiciary.

Mr. Cook presented the petition of Woonsocket Guards for an appropriation. Referred to the Committee on Corporations, reported back the petition of Oakhill Cemetery Company, and it was laid over to be printed.

Mr. F. W. Miner, for the Committee on Education, reported favorably upon the petition of Richard Mowry and others, for incorporation of the United Society of Smithfield, and the accompanying act was laid over to be printed.

Mr. Blake gave notice of an act in amendment of Chapter 103—"Of the Inspection of Fish."

Mr. Jenks presented the petition of Jesse B. Tucker for leave to peddle without a license. Referred to the Committee on Finance.

THE NEWSPAPER TAX is spoken of as follows by a Washington correspondent of the Boston *Journal*:

"How to tax newspapers" is now a subject of anxious inquiry among the politicians in Congress, some of whom call themselves *progressive statesmen*, and as such will next fall solicit a re-election. The very men who prate about the achievements of science, the benefits of education, and the enlightenment of the age, really appear anxious to tax the newspapers, which are the prominent medium for conveying intelligence in this as in all other civilized countries. Some of them here in their States made a great to-do about teaching everybody to read; yet they would now tax what everybody reads the most. A tax on a newspaper is virtually a tax on knowledge, and is thus a tax on truth, a tax on education, a tax on public opinion, a tax on good government, a tax on the progress of human events and on the working human institutions. The only excuse for the solons who, striving to levy this tax, is that the newspapers have so much to say about them and their co-legislators, that to them it appears they have become "luxuries."

Contrabands at Fortress Monroe.—The Fortress Monroe correspondent of the Philadelphia *Inquirer* says:

"A census of the contrabands at this point is now being taken, and it appears to indicate that there are about five thousand persons of color here who were formerly held in bondage to labor. Over two-thirds of these are able-bodied men, and they are just being turned to some account by the government, which employs them at every species of mechanical labor. The negroes are divided up into gangs of about fifty each, under the superintendence of a white overseer.

The aggregate pay of the contraband is ten dollars per month, two dollars of which is paid to him (when he attends to his work) in cash, in four weekly installments of a half dollar each. Eight dollars a month is reserved by the government as a contingent fund for various purposes, one of which, being cardinal, we may mention, namely, keeping himself and family comfortable, clean, happy, well fed and well clothed.

The increase of the Roman Catholic Church in England and Scotland, during the three years is, of bishops and priests, 166; of churches, chapels and stations, 93; of communities of men, 16; of convents 62; of colleges, 1. It is an increase of 13 1-2 per cent. on the numbers of the bishops and clergy, an increase of 10 per cent. on the number of communities of men; an increase of 17 per cent. on the number of convents; and an increase of 9 per cent. on the number of colleges.

Extraordinary preparations are making every where for the manufacture of maple sugar. The crop promises to be very large.

DISLOYAL PENSIONERS.

Washington, Feb 6.—The President has approved of the bill authorizing the Secretary of the Interior to strike from the pension rolls the names of all who have taken up arms against the Government, or aided and abetted the rebellion. Several pensioners having been proved rebels or sympathizers with them, this act is for their benefit.

Canadian City to be Sold.—The city of London, on the opposite shore of the lake from Cleveland, is in the hands of the sheriff and about to be sold. The execution is to realize a part of a debt of $395,000 borrowed by the city from the municipal loan fund and sunk in the construction of the London and Port Stanley Railway, which is but twelve miles in length, and connects London with Lake Erie. The writ is issued by the government in compliance with the terms of the consolidated loan act.

As these goods will be offered at extremely low prices, our terms will be cash. f1.

THE MOST

WHOLESOME BREAD,

Sweeter, Lighter, and More Nutritious than any other, is made by using

SAMUEL KIDDER, & CO'S

IMPERIAL YEAST POWDER,

A new article, which is pure, reliable and economical.

I have analyzed Samuel Kidder & Co's "Imperial Yeast Powder," manufactured by Messrs. Daniel F. White & Co., and found the base of vegetable origin to be so adjusted as to form a new and superior article for raising dough. It produces, with even ordinary flour, white, spongy and perfectly wholesome bread, and retains its power of action under exposure. Being free from mineral acids, and dangerous metallic salts, it should be preferred to compounds, frequently sold as yeast powders.

Respectfully,

A. A. HAYES, M. D., *State Assayer.*

GREAT INDIAN REMEDY

For Females.

Dr. Mattison's Indian Emmenagogue.

This celebrated **Female Medicine**, possessing virtues unknown of anything else of the kind, and proving effectual after all others have failed, is designed for both *married and single ladies*, and is the very best thing known for the purpose, as it will bring on the *monthly sickness* in cases of obstruction, from *any* cause, and after all other remedies of the kind have been tried in vain.

OVER 2000 BOTTLES

have now been sold without a *single failure*, when taken as directed, and without the least injury to health *in any case*. ☞ It is put up in bottles of three different strengths, with full directions for using and sent by express, *closely sealed*, to all parts of the country.
Prices—Full strength, $10; half strength, $5; quarter strength, $3 per bottle.
☞ *Remember! this medicine is designed expressly for* OBSTINATE CASES, *which all other remedies of the kind have failed to cure; also that it is warranted as represented* IN EVERY RESPECT, *or the price will be refunded.*
☞ BEWARE OF IMITATIONS! None genuine and warranted unless purchased *directly of Dr. M., or at his office*, rear of No. 28 Union Street Providence, R. I.

Dr. Mattison's Diuretic Compound,
For Acute and Chronic Gonorrhœa.

This new remedy contains neither Balsam Copaiva, Spirits of Nitre, Cubebs, Turpentine, or any other nauseous drugs, but is an elegant vegetable liquid, pleasant to the taste and smell, grateful to the stomach, cooling, cleansing and healing in its operation and speedily allaying all heat and irritation in the urinary passages. You, therefore, who have been swallowing down *Balsam Copaiva*, et her in capsules or mixtures for months in succession, until with pale face and disordered stomach your breath and clothes are filled with its vile odor; throw away the disgusting mixtures, and send for a bottle of this *New Remedy*, which will not only cure you *at once*, but at the same time it will cleanse the system from the injurious effects of the various mixtures on have been taking so long.
☞ ONE BOTTLE, WHICH LASTS A WEEK, WILL OFTEN EFFECT A PERMANENT CURE.—Price $2,00.

Dr. Mattison's Syrup Anti-Syphilitique,
For Secondary, Tertiary and Hereditary Syphilis.

No remedy ever discovered has done what has been achieved by this. Under its use every form of constitutional syphilitic taint is speedily cured, and in a few weeks the subtle poison is completely eradicated from the system, and health and strength are permanently restored.
☞ *It was this remedy that cured in a few weeks a gentleman from the South, then stopping at Newport, and for which he presented Dr. M. with $450 besides his bill, after having been under the treatment of the most eminent physicians in Baltimore, Philadelphia and New York for* FIVE YEARS.
One bottle, which lasts a month, will often effect a perfect cure. Price, $10; half size, $5.

Dr. Mattison's Nerve Invigorator.

For Nervous Debility, Loss of Power, Impotency, Confusion of Thought, Loss of Memory, Irritable Temper, Gloomy Apprehensions, Despondency and Melancholy, which may end in Loss of Reason.

This new remedy for that fearful train of mental and physical evils arising from venereal excesses, and secret habits of the young, is composed of the most soothing, strengthening and invigorating medicines to be found in the whole Vegetable Kingdom, which, in combination, form the most perfect Antidote for this obstinate and distressing class of maladies ever yet discovered.—It has now been sent to nearly every State in the Union, relieving the untold sufferings of hundreds who have never seen the inventor, or, restoring them to comparative health, strength and happiness. *Prices*—Quart bottle, which last a month, $10; half size, $5.

☞ These four GREAT REMEDIES are the result of over twenty years' study and practice, and as now prepared they are known to be the *very best* for their respective purposes, and I am therefore induced to make them public for the mutual benefit of myself and the sick, who otherwise could never avail themselves of their benefits. They are all warranted as represented, in every respect, or the *price will be refunded.*
☞ Prepared and sold ONLY at DR. MATTISON'S REMEDIAL INSTITUTE FOR SPECIAL DISEASES rear No. 28 Union street, Providence, R. I., and sent by express, *secure from observation*, to all parts of the United States.

A WORD OF CAUTION.

☞ It has been estimated that over *Two Hundred Thousand Dollars* are paid to swindling quacks annually in New England alone; and that, too, without *any benefit* to those who pay it. All this comes from trusting, *without inquiry*, to men who are alike destitute of honor, character or skill, and whose *only* recommendation is *their own* false and extravagant *assertions*, in praise of *themselves*. The only way to avoid imposition is to take no man's word, *no matter who he pretends are*, but MAKE INQUIRY. It will cost you nothing, and may save you many regrets; for, as advertising physicians in nine cases out of ten are *bogus*, there is no safety in trusting *any of them* unless you know *who* and *what* they are.

Dr. M. will send *free*, by enclosing one stamp as above, a Pamphlet on DISEASES OF WOMEN, and on *Private Diseases* generally; giving full information, with *the most undoubted references and testimonials* without which no advertising physician, or medicine of this kind is deserving of ANY CONFIDENCE WHATEVER.
☞ Orders by mail promptly attended to. Write your address plainly, and direct to DR. MATTISON, as above. d18-1y

NOTICE.—We are daily receiving orders to send by mail some one or more of Dr Hurd's Dental Remedies, which we cannot fill.—None are mailable except the *Neuralgia Plaster*, which we send in an envelope on receipt of Price (15 cents) and one stamp.—But to accommodate persons in places where the druggists and store keepers are behind the age, we have put up packages in white embossed boxes, seven inches by four, with compartments—each box containing a bottle of *Dr. Hurd's Mouth Wash*, and *Tooth Ache Drops*, a box of *Tooth Powder*, the *Neuralgia Plaster*, and a valuable little Treatise on *Teeth and their Diseases, the best means of preserving them, and the proper treatment of Children's Teeth*, (worth of itself the entire cost to every young man or woman, or parents with young children;) with sundry other necessary articles; price per package, *one dollar*, or six packages for $5. sent by express as directed. As the Express charges are not much, if any, more on a dozen than on one, it is far cheaper to order six or a dozen packages at one time. A large family will want all, or the surplus can be disposed of to neighbors with public benefit, for no one can estimate how much pain, suffering, unhappiness, and disfigurement, expense, loss of time and money would be saved to the country if every family to-day had one of these packages, which, in itself, is a complete set of Dental Remedies. Address WM. B. HURD & Co., Tribune Buildings, New York, and write name and address plainly. That remittances may be made with confidence, W. B. H. & Co. refer to the Mayor of Brooklyn, to G. W. GRIFFITH, President of the Farmers and Citizen's Bank, Brooklyn; to the Editor of the American Manufacturers' Gazette; to Joy, Coe & Co., Publishers' Agents, New York; to P. T. BARNUM, Esq., who knows a good thing when he sees it and who has already ordered a second supply, etc.

1000 Agents Wanted,

To introduce Dr. Hurd's Dental Remedies into every County. Men or women who want to make money quickly, can do better with these articles than anything in market. They are new, useful, low priced, and we are spending thousands in advertising them for the benefit of agents. Boxes of samples, containing a dozen of the one dollar packages above specified, with circulars will be sent on receipt of *seven dollars*, about half price, to any person wishing to test his or her skill in selling with the view of becoming an agent. They can be sold in a day.—

NEWPORT DAILY NEWS.

BY THE AMERICAN LINE, KINSLEY'S OFFICE

Two and a half o'clock.

A NATIONAL FOUNDRY WANTED IN NEW ENGLAND.

NEW YORK, Feb. 7th.

The Tribune's special Washington dispatch says a delegation from Boston among whom are Gov. Andrew, Ex-Gov. Boutwell and Col. Amory are here urging upon the Government the immediate establishment at a suitable point in New England, of works for the production of various kinds of ordinance, to meet the present necessities of the Government. Yesterday they appeared before the House Committee on a National Foundry and Armory and made a strong plea for immediate action. They presented letters from Edward Everett and other influential New Englanders demonstrating that Congress ought not to delay a moment in this matter. And ought besides to provide forthwith for the defence of the Northern sea coast.

KENTUCKY ENCOURAGED.

The last million of dollars which bade farewell to the treasury was properly sent, by Mr. Chase to Kentucky for needy troops, who are fighting there for the Union instead of decaying in Camp.

ANOTHER SPY CAPTURED.

The Times Washington despatch says a Rebel spy was captured Wednesday afternoon by a Company from one of the New York Regt. in Gen. McDowell's Division in the hollow of an old tree and where he had been secreted for several days. He was fully supplied with provisions. He refuse to give his name or what his business was. He was sent to Headquarters to be dealt with as the military authorities may think proper.

APPOINTMENT.

The Heralds Washington despatch says it is stated that Major Guiney of the 9th Mass. Regt., will be appointed Lieut. Col. to fill the vacancy caused by the recent decease of Lieut. Col. Peard. Major Guiney came out as Chaplain in the 9th.

PAYMENT OF U. S. BONDS.

The order of Secy. Chase directing the payment of coupons of the 19th of August in seven thirty bonds in New York, will be so far modified as to make them payable also by the Treasury of the United States at Washington, and by the Assistant treasurer's at Boston and Philadelphia. The Secy. desires to afford every facility to the holders of the bonds, compatible with full security against fraud and counterfeiting. This security is thought to be as important to the holders as to the Government.

BOMBARDMENT of FORT HENRY.

NEW YORK, Feb. 7.

The Herald prints the following dispatch:

Washington, 6th.—Gen. McClellan received a dispatch from Gen. Halleck last night, stating that our boats had commenced the bombardment of Fort Henry on the Tennessee River, and that our troops in large forces had landed three miles below the fort. No details of the battle had been received up to 3 o'clock this afternoon.

THE NEW EXPEDITION.

The World's Washington despatch says it is now currently rumored there that either Gen. Hentzelman or Gen. McDowell will take command of the new expedition to the South, which is fitting out in New York, and which will comprise a division of the Army here.

THE BLOCKADE.

It is not improbable that in order to obviate any dispute concerning the blockade, the whole southern coast will be taken possession of within the coming two months.

FROM BURNSIDE.

THE FORWARD MOVEMENT.

FORTRESS MONROE, 6.

Steamer Savannah of the Burnside Expedition arrived this morning, she left Hatteras yesterday morning, having come out of the Inlet the day before. The fleet was inside of the Inlet, but nothing had been done. Most of the vessels had gone over the bar. 6000 troops had been landed. The Savannah was considerably damaged by the storm, part of her bulwarks and wheel house were stove in, and her upper works badly damaged. She brings a large mail, and 94 sick men from the Expedition. Five died on the passage. The Sawannee goes to Philadelphia to repair. The Gunboat E. H. Herbert was lost in addition to those already mentioned. A forward movement is expected shortly. It is rumored that the rebels had offered to give up Roanoke Island, on condition that Elizabeth City would not be attacked. The Steamer Louisiana had been got off without serious damage.

The Steamer Albany arrived this morning from Annapolis with stores for Burnside Expedition. It has been raining all day. A flag of truce went to Carney Island to-day. A large number of ladies and children returned with it to go north also Lieut. Preston of the N. Y. 71st Regt to be exchange and J. H. Sands of the 4th. Michigan released on parole.

PRICE, A MAJOR GENERAL.

The Richmond despatch states that the Missouri difficulty has been satisfactorily arranged. Price undoubtedly will be commissioned Major General. The Missouri troops will be received into the Rebel service as 12 months Volunteers.

REBEL SECRET COUNCILS.

The Virginia legislature yesterday went into secret session for the purpose of considering an important communication from the Governor upon a subject in regard to which it is understood the State and Rebel authorities are entirely agreed, its purport will not transpire at present.

SPAIN, A REBEL ALLY.

The Despatch says, in an editorial, that Spain is an ally of the South. If the South has had one friend from the beginning of her troubles it has been Spain, and thinks it due to her generous and chivalric people to have sent a Representative to the Spanish court, and thereby laid a broad and deep foundation of permanent and close amity with that nation. It says it is not too late now to revive the omission which was not dictated by any want of courtesy. There is no further news from the Burnside Expedition, or the rebel steamer Merrimac.

Steamer Rhode Island arrived from New York this afternoon. Adjutant Gen. Schouler of Massachusetts arrived this morning. The Constitution sailed this afternoon.

POSTSCRIPT.

FROM THE SOUTH.

THE ATTACK ON FORT HENRY.

The following dispatches are from rebel papers:

MEMPHIS, Feb 5th.

Three federal gunboats appeared on the Tenn. River yesterday and opened fire on Fort Henry. The latter responded. No damage was done to the fort. The federals are landing troops two miles from the Fort and an attack is expected. The confederates are in full force on the Tenn. River and no damage from the federal troops is apprehended.

An order was issued from the War Department on the 4th ordering Millitary Commanders to impress all the saltpetre found in their districts except such as is in the hands of the original. Manufacturers, Government Agents and contractors paying 40 cents per pound therefore and no more. The order is issued in consequence of the monopoly by speculators.

ANOTHER UNION VICTORY.

FORT HENRY TAKEN BY THE FEDERALS.

CHICAGO, Ill., 7th.

Fort Henry is taken.

RIOT IN NORFOLK.

PHILADELPHIA, Feb. 7th.

The Enquirer has a dispatch stating that a riot occured in Norfolk, on Tuesday night and it is supposed that Martial Law has been proclaimed. During the disturbance cheers for the Union were given.—The reporter of the Associated Press has heard nothing of the above.
Correction. The riot spoken of in the Philadelphia Enquirer was at Richmond, not at Norfolk.

A PIRATE AT NASSAU.

NEW YORK, 7th.

The Pirate steamer Carolina was at Nassau on the 29th. The gunboat Dawn from Fortress Monroe arrived this morning.

PHILADELPHIA, 7th.

The Enquirer special despatch says most of the rifles and considerable ammunition from the wrecked steamer York have been recovered uninjured.

IMPORTANT SOUTHERN ITEMS.

A gentleman from Norfolk says the rebels are under the impression that Burnside has been completely wrecked. The troops at Norfolk are being rapidly sent Southward as far as Mobile. Drafting will commence on the 1st of March. Beauregard is at Nashville. Bishop Ames and Ex-Senator Fish will not be received.

PROBABLE FIGHT NEAR SAVANNAH.

A letter from Savannah says heavy firing was heard in the direction of New River on the South Carolina side on Monday morning lasting four hours.—The rebel officers at Savannah say that one of the Batteries on New River had been attacked, and one of the Federal gunboats, at least, destroyed. The Charleston Mercury says the firing was at Great Bluff, and that the enemy destroyed the houses in the neighborhood. Gen. Price was at Richmond after a Major Generalship, and supplies.

ROMNEY EVACUATED.

PITTSBURG, PA., Feb. 7th.

The Wheeling Intelligencer learns that the Rebels evacuated Romney Monday night.

PROF. L. MILLER'S

HAIR INVIGORATOR,

AN EFFECTIVE, SAFE AND ECONOMICAL COMPOUND.

FOR RESTORING GRAY HAIR to its original color, without dyeing, and preventing Hair from turning gray,

FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality or recuperative energy remaining,

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections of the Scalp,

FOR BEAUTIFYING THE HAIR, imparting to it an unequalled gloss and brilliancy making it soft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from dandruff and other cutaneous diseases, causes the hair to grow luxuriantly, and gives it a rich, soft, glossy and flexible appearance, and also where the hair is loosening and thinning, it will give strength and vigor to the roots, and restore the growth to those parts which have become bald, causing it to yield a fresh covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the hair from turning gray until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty restore it to its original hue, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in dressing the hair, which, when moist with the Invigorator can be dressed in any required form so as to preserve its place, whether plain or in curls—hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being

ONLY TWENTY-FIVE CENTS

per bottle, to be had at all respectable druggists and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the children's Hair inclines to be weak. The use of it lays the foundation for a *good head of hair*, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair.

CAUTION.—None genuine without the fac simile LOUIS MILLER being on the outer wrapper, also L. MILLER'S INVIGORATOR, N. Y. blown in the glass.

THE SPECIFIC PILL,

A SPECIFIC REMEDY FOR

Spermatorrhœa or Seminal Weakness, and Genital Irritability in either Sex.

This Malady, the *terrible consequences* of which are too well known to require more than a bare allusion to them, is one of the most insidious, and therefore dangerous, of all the long catalogue of human ills. It saps the very springs of life, rapidly undermines the constitution, and sinks the unhappy victim into imbecility and a premature grave! From one to six boxes of the SPECIFIC PILL are sufficient to effect a permanent cure in the MOST AGGRAVATED CASES, whether *Constitutional*, or arising from *Abuse or Excesses*.

MEDICAL TESTIMONY.

"We believe it to be, in the treatment of *Spermatorrhœa*, as near a SPECIFIC as any medicine can be."—B. KEITH, M. D. (Am. *Jour. of Medical Science.*)

"I have found them *all that could be desired*. Their effect HAS BEEN REALLY WONDERFUL. I used them in a case of Spermatorrhœa *of long standing* which has been under treatment *for years*. I think three boxes will complete the cure."—E. P. DICKEN, M. D.

SOMETHING MORE VALUABLE THAN SILVER OR GOLD,

BECAUSE

IT WILL RESTORE THE WEAK, REINSTATE THE BLOOD IN ALL ITS ORIGINAL PURITY AND VIGOR.

It is

PROF. O. J. WOOD'S

RESTORATIVE CORDIAL

AND

BLOOD RENOVATOR:

In precisely what its name indicates, for while pleasant to the taste, it is revivifying, exhilarating and strengthening to the vital powers. It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all.

So chemically and skillfully combined as to be the most powerful tonic, and yet so *perfectly adapted so as to act in perfect accordance with the laws of nature, and hence soothe the weakest stomach* and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet it is never followed by lassitude or depression of spirits.—It is composed entirely of vegetables, and those thoroughly combining powerful tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

CONSUMPTION, BRONCHITIS, INDIGESTION, DYSPEPSIA, LOSS OF APPETITE, FAINTNESS, NERVOUS IRRITABILITY, NEURALGIA, PALPITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIA, NIGHT SWEATS, LANGUOR, GIDDINESS, AND ALL THAT CLASS OF CASES SO FEARFULLY FATAL, CALLED FEMALE WEAKNESSES AND IRREGULARITIES,

THERE IS NOTHING ITS EQUAL.

Also, Liver Derangements or Torpidity, and Liver Complaints, Diseases of the Kidneys, or any general derangement of the Urinary Organs.

It will not only cure the debility following CHILLS and FEVER, but prevent all attacks arising from miasmatic influences, and cure the diseases at once, if already attacked.

TRAVELERS should have a bottle with them, as it will infallibly prevent any deleterious consequences following upon change of climate and water.

As it prevents costiveness, strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

LADIES not accustomed to much out door exercise should always use it.

MOTHERS should use it, for it is a perfect relief, taken a month or two before the final trial, she will pass the dreadful period with perfect ease and safety!

There is no mistake about it!!

THE CORDIAL IS ALL WE CLAIM FOR IT!! MOTHERS TRY IT!!

And to you we appeal, to detect the illness or decline not only of your daughters before it be too late, but also your sons and husbands, for while the former from false delicacy, often go down to a premature grave, rather than let their condition be known in time, the latter are often so mixed up with the excitement of business, that if it were not for you, they, too, would travel in the same downward path until it is too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal; for we are sure your never-failing affection will unerringly point you to PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should be always on hand in time of need.

O. J. WOOD, proprietor, No. 444 Broadway, New York, and No. 114 Market Street, St. Louis, Mo., and sold by all good druggists *Price* one dollar per bottle.

Read what the Press say, after thoroughly testing the matter, and no one can have a doubt.

Prof. WOOD'S *Restorative Cordial* and Blood Renovator *is* a genuine medicine of real merit, pleasant to the taste and invigorating to the system. While it purifies the blood and soothes the nervous irritation, it aids the organs of digestion to perform their functions, and restores the vital energies to healthy action. It is a chemical compound so skillfully combined that while it exhilarates it does not provoke the lassitude which usually follows excitement. A tonic, composed exclusively of vegetable matter it is absolutely beneficial and no ill effects can possibly accompany its use. It is an infallible and speedy remedy for Loss of Appetite, Faintness, Nervous Debility, Neuralgia, Palpitation of the Heart, Falling of the Womb, and other delicate diseases to which women is subject. For Sickness of the Stomach, Bilious Attacks, Liver Complaints, Costiveness, Dyspepsia, Consumption and a host evils flesh is heir to, it is a certain cure.—*St. Louis Morning Herald.*

Prof. WOOD'S RESTORATIVE CORDIAL.—It is recorded in the Classics that Pysche was once sent to a climate warmer than the West Indies, to procure a sample of the beauty of Proserpine in a box. After some delay the messenger returned, and as soon as the lid of the box was removed, out flew all the ills that flesh is heir to. Fortunately hope was found in the bottom of the box. Prof. WOOD'S Restorative Cordial revives the recollection of the story, for it invigorates the blood, aids the organs of digestion, imparts strength to the nervous system, and fortifies the citadel of health, so as to bid defiance to the assaults of disease. It is a healthy tonic, composed entirely of vegetable productions, and while it is exhilarating as pure wine, no injurious results can possibly follow its use. It is a desideratum in the medical world, and those who are afflicted with loss of appetite, Dyspepsia, Consumption, Faintness, Giddiness, Neuralgia, Palpitation of the Heart, &c., will find here an infallible panacea.—*St. Louis Daily Express.*

Prof. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR is, without doubt the best tonic Cordial in the world. To those who are suffering from General Debility, we would recommend its use, *for* it is pleasant to the taste, is strengthening to the system, and will at once tend to remove all impurities of the blood, and eradicate all traces of disease. It can be taken by the weakest stomach, while those in good health will at once feel its exhilarating power. We are confident that after using one bottle of this Cordial none will be for a day without it.—*New York Leader.*

A PURE, HEALTHY TONIC, and one free from the deleterious and injurious effects sure to follow those in ordinary use, has long been felt to be a desideratum in the medical world. Such a tonic, and one so skillfully combined from the vegetable kingdom as to act in perfect accordance with the laws of nature, and thus sooth the weakest stomach, and at the same time allay nervous and other irritations, and tone up all the organs of which the human body is composed, is offered in Prof. WOOD'S Restorative Cordial and Blood Renovator. Hence, it is perfectly adapted to old and young. Readers, try it. Thousands have already done so, and the testimony is universal in its favor.—*New York Atlas.*

Prof. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR, for the cure of General Debility, or Weakness arising from any cause; also, Dyspepsia, Nervousness, Night Sweats, Incipient Consumption, Liver Complaints, Biliousness, Loss of Appetite, Female Weakness in all stages; also to prevent the contraction of disease, is certainly the best and most agreeable Cordial tonic and Renovator ever offered to the afflicted, and so chemically combined as to be the most powerful tonic ever known to medical science. Reader, try it. *It will do you good.* We have no hesitation in recommending it, since we know it to be a *safe, pleasant and sure remedy* for the diseases enumerated.—*New York Dispatch.*
